

# **How IEEE Educational Activities supports Education Volunteers**

---

**Providing benefits to Your Section/Region**

# Regions & Sections Can Benefit from Partnering with EA

## Program

## Engagement

## Benefit

## Connect

Have experts from your region/section create lesson plans or engineering profiles for teachers and students

- Inspire youth about your technology

[IEEE TryEngineering Facebook](#)  
[Twitter](#)

Have experts in your region/section showcased in our webinar series

- EA does most of the heavy lifting and promotion
- Makes region/section experts relevant to Pre-U audiences

[IEEE TryEngineering Tuesday](#)

Have your region/section volunteers learn from existing program examples or provide their own

- Volunteers with a passion for Pre-U STEM outreach find how-to guides and resources, and connect with a community of others doing the same

[STEM Portal](#)

Funding grants to support STEM outreach work in local regions and sections community

- Selected recipients receive funding after the successful completion of the grant activity

[STEM Grants](#)

Fund grants through the IEEE Foundation

Get the word out about this resource

- Your group can become more relevant to instruction focused professors and administrators

[Teaching Excellence Hub Newsletter Sign Up](#)

Ask your region/section volunteers to contribute content

- Connect with some of the top students in IEEE's fields of interest and promote your region/section activities

Participate in virtual and in-person events

- Opportunity to participate in the process of ensuring high quality engineering and engineering technology programs in ABET participating institutions

[ABET](#)

Ask your volunteers to become program evaluators (PEVs)

[Twitter](#)  
[LinkedIn](#)

Access this online portal for continuing education products from organizational units and societies across IEEE

- Increase member awareness of educational offerings
- Highlight benefits of IEEE membership including **AN ADDITIONAL 50% OFF ILN COURSES**

[IEEE Learning Network ILN Updates – Sign Up](#)

Offer IEEE Certificates and Digital Badges for IEEE Events

- Offer participation certificates and digital badges or PDHs or CEUs at your events
- Central administration for learners linked to their IEEE account

[IEEE Credentialing Program](#)

Free webinars, course announcements, and resources for our global engineering audience

- Utilize the content for a region/section event
- Share with members to highlight benefit of IEEE membership
